**SUPPLEMENTAL NOTIFICATION OF CHANGE IN STATUS**

Sir:

On March 31, 1998, Patentee submitted a Notification of Change in Status to inform the Commissioner that the subject patent is no longer believed to be entitled to small entity status accompanied by a check in the amount of \$1626.00. The amount of \$1626.00 corresponded to the sum of the deficiencies between specific amounts paid at the small entity rate and the amounts due; the specific amounts and the deficiencies are listed on a table attached hereto. We have not received a communication from the U.S. Patent and Trademark Office indicating that the payment has been accepted.

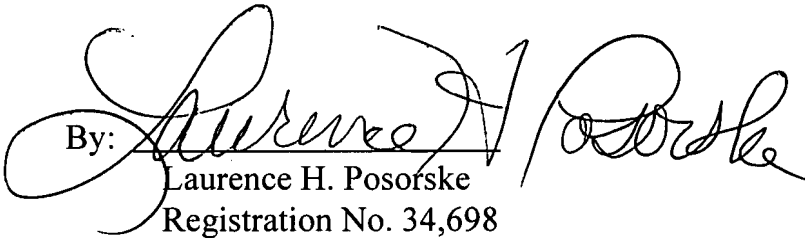

In accordance with procedures ratified in DH Technology v. Synergystex International, Inc., it is now believed that the fee deficiency submitted under 37 C.F.R.

§1.28(c) should be accepted and Patentee respectfully requests a confirmation that the fee deficiency submitted March 31, 1998, has been accepted.

It is believed that no other fees are due in the subject patent; however, should there be any discrepancy between the fees calculated by Patentee and those actually due, the Commissioner is authorized to charge or credit the difference to Deposit Account No. 02-0375.

Respectfully submitted,

BAKER & BOTTS, L.L.P.
